The Bremerton Symphony's All-Beethoven Concert was such a resounding success - earning six curtain calls, two encores, and drawing approximately 700 patrons - that it will be repeated at Silverdale Lutheran Church on March 30th at 2:00 PM. Tickets will be available at the door for a free-will donation. This is the perfect opportunity to bring your entire family, friends, neighbors and all your students to an electrifying concert of the Bremerton Symphony Orchestra.

This relentlessly rhythmic and driving music was a huge success at the premier, and the audience demanded encores before they would allow the concert to continue. This is music of pure energy and no recording can replicate the excitement of 70 musicians sawing away in perfect sync, giving their all in a live concert.

One might argue that the finale of the Beethoven Seventh is the first Heavy Metal music - few chords, pounding rhythm, lots of volume.

The Bremerton Symphony is also proud to present Northwest native and phenomenal violinist Lara Lewison, who will perform the great Beethoven Violin Concerto. This work, full of unforgettable melodies and great technical demands, set the standard for every subsequent concerto.
